

TEACHER AND EDUCATORS' ENTERPRISE AGREEMENT BULLETIN 13

TEACHER NEGOTIATIONS HEADING IN A POSITIVE DIRECTION

Since my last [bulletin](#), representatives from my office, the Department of Education and the Australian Education Union NT Branch (AEU-NT) have had three bargaining meetings.

These meetings have been positive and productive. I am hopeful that I should be in a position to put an offer to you and the AEU-NT so you can receive a salary increase before the end of the year.

Although there is still work for both parties to do, we appear to have reached a broad understanding of the matters that will be the subject of negotiations for an enterprise agreement.

Further bulletins will follow when I have more to report.
