

### NTPS FIRE-FIGHTERS' BULLETIN 19

#### IMPROVED OFFER

##### **Additional salary and no changes to the overtime clause**

After receiving feedback from the Chief Fire Officer following his recent station visits as well as the feedback from the union I have further improved my offer in an attempt to resolve negotiations. The improved offer includes:

- Five 3% pay increases over the life of the agreement;
- Retention of all existing terms and conditions;
- Increase in minimum staffing to include Berrimah station;
- Inclusion of travelling distances to Berrimah station;
- Inclusion of the relativity changes for Station Officers;
- No changes to the overtime clause;
- An extra year with the agreement to expire on 6 November 2018.

I encourage all employees to genuinely consider the revised offer which provides for pay increases, increased minimum staffing levels and retention of all existing terms and conditions.

The Union will be canvassing members over the coming week. Any Fire Fighter who wants to provide me with direct feedback on the offer can do so at [www.enterpriseagreements.nt.gov.au/feedback/](http://www.enterpriseagreements.nt.gov.au/feedback/)
