

TERRITORY GENERATION - BULLETIN 2/2015

Offer for a New Agreement

Today I put a “without prejudice” offer to the Association of Professional Engineers, Scientists and Managers, Australia (APESMA); Australian Manufacturing Workers Union (AMWU); Communications, Electrical, Electronic, Energy, Information, Postal, Plumbing and Allied Services Union of Australia (ETU Branch); and the Community and Public Sector Union (CPSU), for the new 2015 - 2019 Territory Generation Enterprise Agreement.

The terms of this offer comprise a total package of improvements and changes to terms and conditions of employment, and have been developed in accordance with the [NTPS Wages Policy 2013-2016](#), and in response to the unions’ request for an offer to be made prior to submitting their logs of claims.

Details of the Offer

Detailed information about the offer can be found at [Information Sheet No 1/2015](#). The main features include:

- stability in terms and conditions over the next 4 years with the retention of key conditions (such as, leave and allowances);
- up to 3 % p.a. subject to achievement of efficiency measures and approval by the Fair Work Commission;
- a new ‘Operator Maintainer’ salary and classification; and
- alignment with common NTPS provisions including: parental leave; probation; redeployment and redundancy; advanced notice of leave without pay and recovery of overpaid money provisions.

The key efficiency measures being sought include:

- a review of the bonus scheme criteria and process,
- use of contractors; and
- consultative committee provisions.

I believe this is a fair package that provides an appropriate balance of the maintenance of competitive salaries and the introduction of modest efficiency measures for the Northern Territory Public Sector. I encourage employees to consider the offer favourably.

Next Steps

We will meet with the union in the coming weeks to receive their log of claims and response to the offer.
